**PEORIA** – The Illinois Department of Transportation announces that motorists will encounter a traffic pattern change on IL 29, just south of Mossville in Peoria County, beginning as early as Friday, July 10.

This is necessary to continue work on the project to replace the bridge carrying IL 29 over Boyd's Hollow. Once the traffic pattern change is complete, two-way traffic will travel in the existing southbound lanes, in order to complete construction on the northbound lanes.

The entire project is scheduled to be completed in November.

Please slow down and use extreme caution while driving through all work zones.
